### EC/EU/UK DECLARATION OF CONFORMITY

Hi-Force Limited  
Prospect Way - Daventry  
NN11 8PL - Northants  
England - United Kingdom  
Tel: +44 1327 301000

In accordance with the following Directive

2006/42/EC - The Machine Directive  
2014/34/EU - The Pressure Equipment Directive

We hereby declare that the product indicated below, and provided with this document, is manufactured by Hi-Force Limited and complies with all applicable and essential requirements of the referenced EC/EU/UK Directives.

### CERTIFICATE OF TEST

Further to this Declaration:

Each product is subjected to an independent factory acceptance test (FAT).  
Hi-Force FAT's are carried out by a trained, competent person in accordance with internal assembly and documented FAT procedures.  
Hi-Force Limited hereby certifies that the referenced product meets the set criteria which confirms that the product output corresponds with the final design specification and that all product features are both fully functional and operational.

Product & test specifications:

Description: 220/240V, Two stage, Electric driven c/w solenoid valve

Model Number: HEP310322S

Serial Number: BS6246

Rated pressure capacity:	700	Bar	10150	PSI
Test pressure:	875	Bar	12688	PSI

Date of issue : 22/03/2022

Signed:

Done at :
